**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Sir:

Enclosed with this Response is a copy of the Filing Receipt that does not indicate the correct filing date. Please note that this U.S. National Phase Application was filed on December 28, 2002. The signed declaration was filed on January 22, 2001. A copy of the returned postcard, communication, and signed declaration (Exhibits A) are also enclosed. As you note, in the communication, we authorized you to charge any fee that were deemed necessary to Deposit Account 19-2825. However, due to Patent Office mistakes, we received a notice of abandonment. Subsequently, Petition to Revive unavoidable abandoned application (Exhibit B) was granted. However, even though we had already submitted the Declaration and authorization for additional fees as indicated in the above Exhibit A, as well as the National Phase fee, which was included in the granted petition, a Notice of Missing Requirements dated April 16, 2002, was issued. As courtesy, we resubmitted the Declaration and we again authorized the Patent Office to charge \$347.00 to Deposit Account on May 14, 2002. Accordingly, since the declaration was originally filed on January 22, 2001, with a sufficient authorization for all additional fees (see Exhibit A), and in view of the fact that a granted petition to revive an

avoidable abandoned application was issued, applicant respectfully request that the Requirements under 35 U.S.C. 371 were met in full on January 22, 2001. As such the filing date for the this application should be corrected to **January 22, 2001**
